

Order from Allstrap 866-779-2673

A480
***Pneumatic pusher type combination
steel strapping tool***

Operation levers

The ergonomically arranged tensioning and sealing levers permit a quick and simple operation of the tool.

Strap tension regulation

Through simple regulation the strap tension can be adapted individually to every type of package.

Seal

The seal joint (single notch upcut joint) is ideal for round objects and packages having a narrow surface.

Applications

Designed for round and small items the tool is ideal in numerous industries.
