- **DC Brushless Motors**

B600 Next Generation Fully Automatic Battery Powered Friction Weld Tool

Uniquely designed to handle a wide range of applications. The B600 can pull up to 600lbs of tension. The B600 operates with polypropylene and polyester plastic strapping, (see specifications) 1/2" to 5/8" wide, .019 - .030 thick. The 14.8V Lithium Polymer (LiPo) battery weighs less

and is more efficient in power output compared to Nickle-Cadmium and Lithium-Ion batteries of higher voltage. Plus it can be fully re-charged at ANYTIME without memory loss. Tools come with two batteries and a charger.
