**Golden
Bear Tool**

C11

Operation Manual and Parts List

Please read entire manual before operating the tool. Failure to comply with safety guidelines may result in serious injury or death.

Safety

1. Review enclosed C11 operation and safety materials before operating the tool. Only trained professionals are advised to operate the Golden Bear tool.
2. Keep fingers, clothing, and other objects away from the front of the tool, moving parts, strap, and buckle during operation.
3. Be cautious of excessive tensioning. Over tensioning the strap may result in severe injury due to a break in strapping, which could cause airborne strapping materials or tool parts.
4. Wear protective eye equipment when operating the tool.
5. Use only recommended strapping for the Golden Bear C11 tool:
 - Cord (woven, composite, lashing) strapping: 1¼", 1 ½", 1 ⅝", 2"
6. If tensioning below 7,700 pounds use regular foot.
7. If tensioning over 7,700 pounds use aggressive foot.
8. Inspect tool regularly and discontinue use if parts begin to malfunction or wear.
9. Since the C11 tool is battery operated, keep away from water and damp areas. To clean, spray with compressed air or wipe with a dry cloth.
10. Reapply strap if damaged, including the area by the gripper foot.
11. Remove battery when tool is not in use or during tool maintenance.

Operating Instructions

1. Speed

Select desired speed setting (regular or high speed).

2. Secure strapping

Insert lower strap. Push the thumb release lever on the left side of the tool to drop the foot and secure the strapping.

3. Strap placement

Slide the top cord through the windlass shaft. Hold excess cord to keep away from the front of the tool.

4. Pull tension

Press the trigger to pull the tension.

5. Removal

Release the trigger when desired tension is achieved or until the tool automatically stalls. Slide the control switch at the side of the driver to reverse the winding direction. Press the trigger to unwind the cord from the windlass shaft.

6. Finish

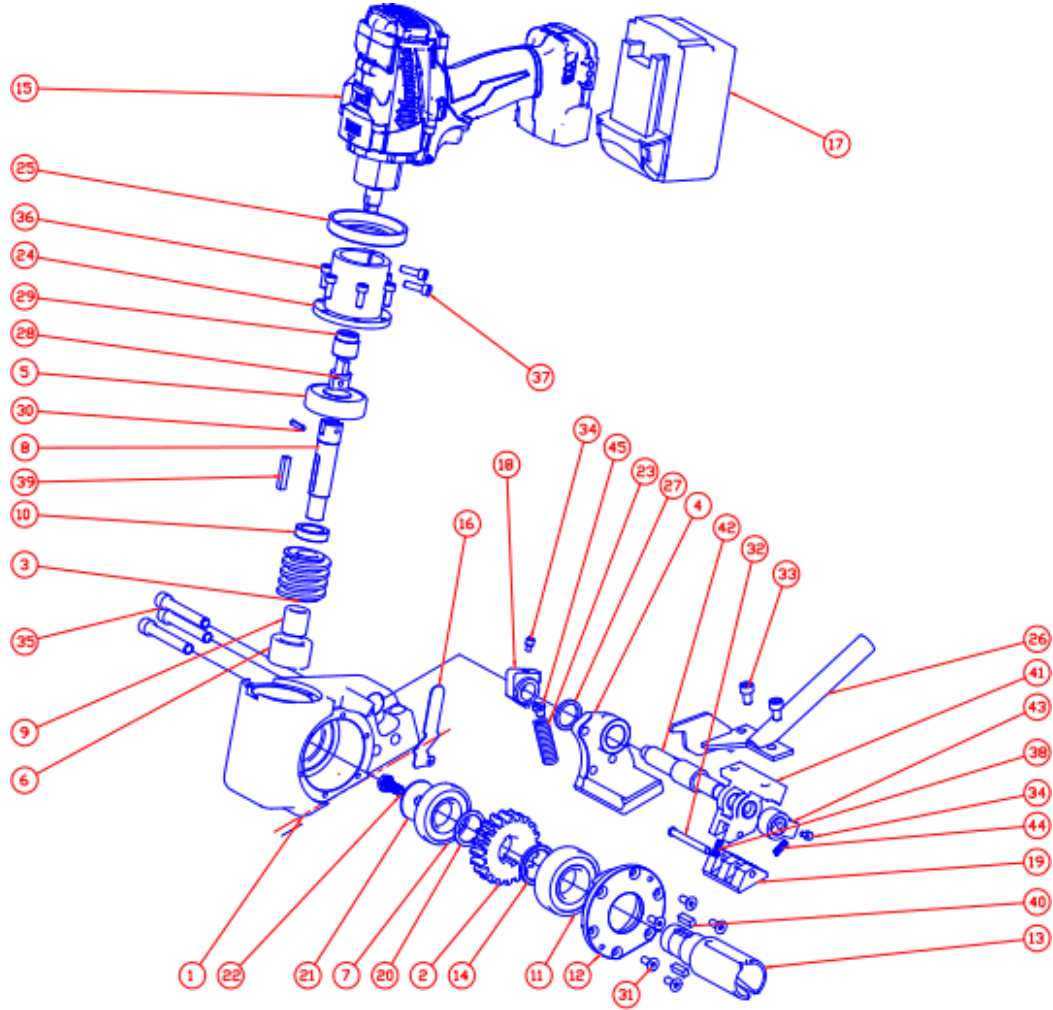

Remove the tool and inspect the strapping.

C11 Parts List

Item Number	QTY.	Description
C11-1	1	Case
C11-2	1	Worm Gear
C11-3	1	Worm
C11-4	1	Legand Shaft
C11-5	1	Bearing, Angular Contact
C11-6	1	Bearing, Needle
C11-7	1	Bearing, Roller
C11-8	1	Worm Shaft
C11-9	1	Bearing
C11-10	1	Worm Shaft Spacer
C11-11	1	Bearing, Roller
C11-12	1	Side Plate
C11-13	1	Main Shaft
C11-14	1	Shaft Spacer
C11-15	1	Drill, Milwaukee Fuel
C11-16	1	Thumb Release
C11-17	1	Battery Pack
C11-18	1	Lift Release Retainer
C11-19	1	Gripper Foot
C11-20	1	Spacer
C11-21	1	Washer
C11-22	1	Screw
C11-23	1	Spring
C11-24	1	Worm Plate
C11-25	1	Cap, Drill Pins
C11-26	1	Lock Handle
C11-27	1	Spacer, Foot Shaft
C11-28	1	Coupling
C11-29	1	Coupling Keeper
C11-30	1	Roll Pin
C11-31	6	FHCS #10-24 X 1/2" Large
C11-32	1	Foot Pin
C11-33	2	Screw
C11-34	2	Lift Release Retainer Screw
C11-35	3	SHCS 5/16-18 X 2" LG. (Stocked)
C11-36	6	SHCS #10-24 X 1/2" LG.
C11-37	2	SHCS #10-32 X 5/8" LG. (Stocked)
C11-38	1	Foot Spring
C11-39	1	Keystock 3/16" X 3/16" X 1" LG.
C11-40	2	Keystock 3/16" X 3/16" X .6" LG.
C11-41	1	Gripper Holder
C11-42	1	Gripper Shaft
C11-43	1	Stop Bushing
C11-44	1	Spring
C11-45	1	Spring Bushing

Schematic

Warning

- Always comply with the strapping manufacturer limitations. Applying insufficient banding for the load, using insufficient buckles, or applying more tension than the strapping is able to handle may cause serious damage to the operator, tool, and the package.
- Any modifications to the Golden Bear tool should be made by Golden Bear only. Should your tool need attention, contact your Golden Bear Sales Representative.
- The Golden Bear tool has been manufactured with the highest attention to detail, quality, and safety. If for any reason you do not feel that your Golden Bear tool is performing up to standards, or if the tool is presenting difficulty in operation, contact your Golden Bear Sales Representative and discontinue use immediately.
